

BISHOP LIFTING **RENTALS**

SAFETY • SERVICE • QUALITY • VALUE

LANDBASED RENTAL EQUIPMENT

WHY RENT?

Whether you are involved in a refinery FCCU turnaround, rebuilding a coal-fired boiler at a power plant or performing repairs at a shipyard, when you are looking for the highest quality lifting and rigging equipment available – fast and with great service, renting equipment from Bishop Lifting Rentals can be a great solution.

BENEFITS OF RENTING

SOLUTION: Bishop Lifting Rentals provides a wide range of standard and specialty lifting and rigging equipment including the newest products in the marketplace allowing you to use the proper equipment on a case by case application. Bishop Lifting Rentals provides you with the best lifting solution using application specific equipment best suited to your needs.

COST: Buying equipment is a capital expense many businesses simply can't afford or choose to utilize in other areas. Renting equipment is often a financial solution for your lifting requirements.

MAINTENANCE: Equipment that is not routinely utilized and maintained deteriorates over time. This creates unnecessary risks, safety and financial burdens on your people and projects. Equipment should be stored and cared for even when not being used in a way that ensures long life, as well as holds to current organizational standards and guidelines. Bishop Lifting Rentals has the expertise to maintain lifting and rigging gear properly.

STORAGE: Lifting and rigging equipment is difficult to store when not in use, whether it be low headroom trolley hoists on special transport racks, spreader beams shipped in modular components or completely assembled, high capacity slings in special crating or large quantities of manual hoists on carrying containers. Our facilities are well equipped to properly store and have ready to ship in a timely manner.

BISHOP LIFTING RENTALS

Bishop Lifting Rentals is one of the largest providers of below the hook lifting and rigging equipment and rental fleets in the United States.

We offer a complete portfolio of lifting solutions, including air chain hoists, beam trolleys, chain and lever hoists, air tuggers, spreader bars, hydraulic rams and pumps, clamps and rigging hardware and tackle. Bishop Lifting Rentals serves both domestic and international customers and we specialize in custom solutions for your most challenging projects.

Because every lift counts, you can rely on Bishop Lifting Rentals to deliver the safety, service, quality and value you expect. Every lift, every time.

AIR CHAIN HOISTS

- Capacity Range: 1/2 Ton – 100 Ton
- Lengths of Lift: Up to 250 Feet
- Hook or Trolley Mount
- Low Headroom Availability
- Chain Containers
- Rope or Push Button Control

ELECTRIC CHAIN HOISTS

- Capacity Range: 1/2 Ton – 25 Ton
- Lengths of Lift: Up to 250 Feet
- Hook or Trolley Mount
- Low Headroom Availability
- Chain Containers
- Push Button or Radio Frequency Drive Control

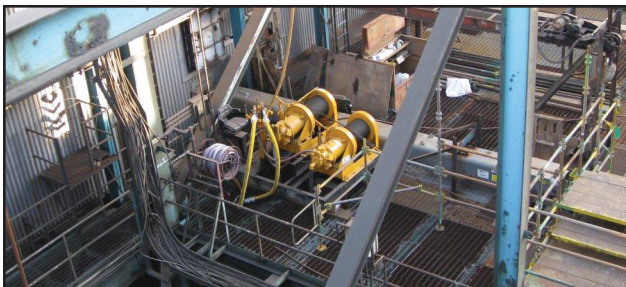

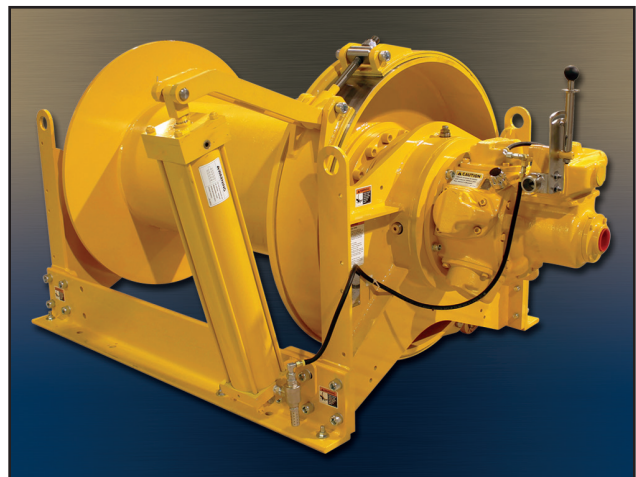

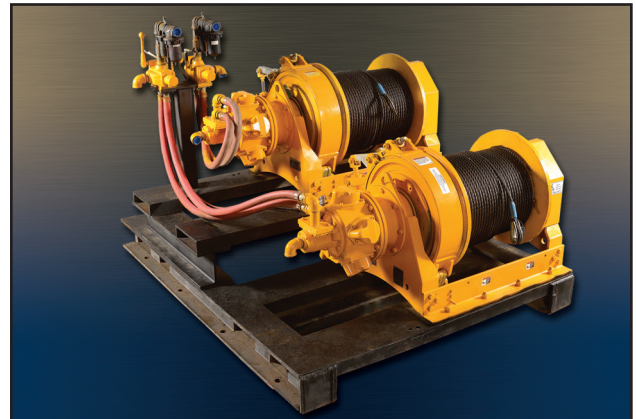

MANUAL CHAIN & LEVER HOISTS

- Chain Falls: Large Range of Capacities from 1/2 Ton – 50 Ton
- Lever Hoists (Come-a-longs): Large Range of Capacities from 3/4 Ton – 9 Ton
- Standard or Overload Protection – Slip Clutch
- Double Pawl Weston Style Brake
- Fully Machined Steel Load Sheaves
- Fully Enclosed Gear Train and Caged Internal Bearings
- Chain Fall Roller Thrust Bearings on Bottom Hooks – Allowing Hook to Rotate Under Load

AIR TUGGERS

- Capacity Range: 1,000 – 30,000 lb Line Pull
- Drum Widths Range: 12" – 60" (Wire Rope Storage Capacity)
- Single or Double Drum Types
- Options
 - Manual or Auto Brake
 - Drum Guard
 - Line Guide
 - Remote Push Button Control
 - Man-Riding Units

RIGGING & HARDWARE

- Wire Rope Slings
- Synthetic Slings
- Shackles
- Turnbuckles
- Rigging Equipment of all Kinds and Capacities
- Large Capacity Wire Rope Slings (Greater than 3/4" in Diameter)

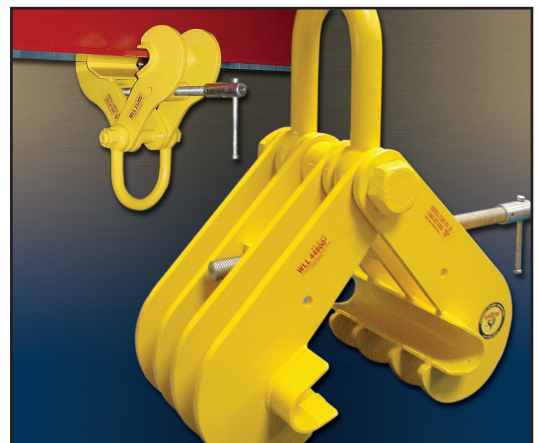

BEAM TROLLEYS

- Capacity Range – 1 Ton - 100 Ton
- Plain, Hand-Geared or Powered (Air / Electric) Types
- Standard or Wide Flange Availability
- Preset or Adjustable Types
- Low Headroom Availability

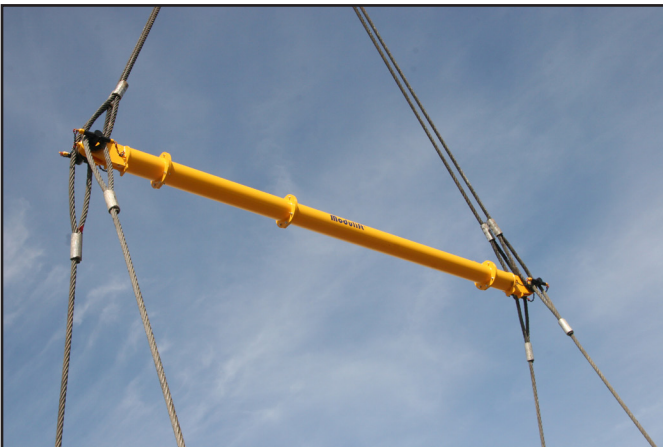

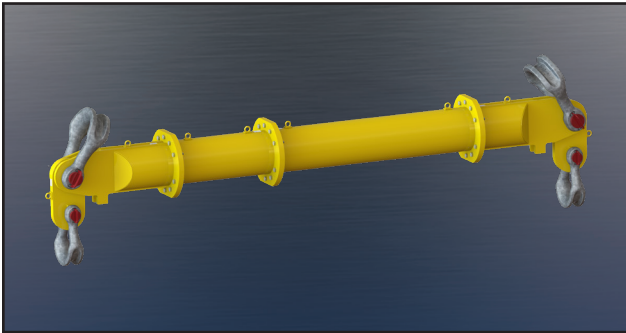

BEAM CLAMPS

- Capacity Range: 1 Ton – 33 Ton
- Adjustable Type
- Wide Flange Availability
- For Vertical and Up to 15 Degrees of Vertical
- Personnel Tie-Off Types Available

MODULIFT MODULAR LIFTING BEAMS

- Adjustable Spans Using Inserted Struts
- 2 Ton – 1600 Ton Capacity
- Spans from 1' – 170'
- Optional Top and Bottom Sling Potential
- Used in Applications Where Load Weight Distribution needs to be Equalized

HILMAN ROLLERS RENTALS

- Up to 200 Ton Capacity
- Various Models: Swivel Top, Narrow, Wide and Accu-roll Available
- Vessel Moving, Machinery Moving, Load Transfer

HYDRAULIC RAMS & PUMPS

- Single or Double Acting Rams
- Rams Up to 500 Ton Capacity with Various Collapsed Heights and Strokes
- High Tonnage Rams
- Low Profile Rams
- Hand, Pneumatic or Electric Pumps
- Synchronized Lifts
- Hydraulic Lifting Systems up to 500 Tons on a Single Ram

WIRE ROPE SPOOLING AND LUBRICATION RENTAL EQUIPMENT

- The SP RR50 SPOOLER
 - 44 HP Electric Start Diesel Engine
 - Powered Hydraulic Variable Speed Drive System, 0-8 RPM
 - Capable of 200,000 in/lbs of Torque
 - Handles Reels up to 120" Diameter by 75" Wide by 50,000 lbs

ADJUSTABLE GANTRY CRANE

- Adjustable Height and Span
- Aluminum Up to 3 Ton Capacity
- Steel Up to 10 Ton Capacity
- Useful Where Overhead Cranes or Portable Cranes are not Optional

LOAD CELLS

- Wireless & Wired models available
- Shackles included upon request
- Come calibrated
- Lightweight Designs

WATER LOAD TEST BAGS

- Test Weights up to 1,500 Ton Capacity
- Associated Rigging
 - Spreader Bars
 - Slings
 - Shackles
 - Dynamometers

SKIP PANS

- 4,000 lb. capacity standard
- 4' wide, 2' deep, 8' long bottom, 10' long top edge
- Fork Lift Pockets
- Tandem Dump lifting lugs one end
- Sloped front end for easy loading and dumping
- 4 leg Bridle Sling & Shackles included upon request
- Meets ASME B30.20 "Below-the-Hook Lifting Devices" standard

PERSONNEL LIFTING BASKETS

- 4' wide, 4' depth, 8' height standard
- 1,000 lb. capacity, or 3 person max
- Test Weight included
- Meets ASME B30.23 "Personnel Lifting Systems" standard

CUSTOM SOLUTIONS

Delta Rigging & Tools can offer customized lifting & rigging solutions for your most challenging projects, including:

- Engineered Applications
 - Heavy Lifts
 - Multi-Pick Points
 - Low Headroom Requirements
 - Long-Lift Necessities
- Complete Outage & Turnaround
 - Lifting, Rigging & Spreader Bars
 - High capacity and/or Large Quantities
 - Rigging Lofts

BISHOP LIFTING RENTALS MARKETS

OIL AND GAS

- Refining and Petrochemical
- Land Based Drilling
- Offshore Drilling
- Drilling Services and Supply
- Oilfield Transport (Over land and Marine)

ENERGY AND POWER

- Coal (NON-OILFIELD)
- Nuclear
- Renewable
- Power Generation
- Maritime
- Trucking
- Rail
- Pipeline

TRANSPORTATION

- Commercial Buildings & Facilities
- Tunnels & Bridges & Abandonment

CONSTRUCTION

- GOM P&A - Decommissioning & Abandonment
- Roads
- Renewable Energy: Hydro, solar & wind

RENTAL DIVISION PRODUCT LINES

In a continuing effort to give the customer the opportunity to get an assortment of equipment, services and products from one supplier, our wire rope and rigging division was established to provide a wide range of specialized products.

LIFTING EQUIPMENT RENTAL OR PURCHASE

- BOP Handling Systems
- Air Chain Hoists
- Electric Chain Hoists
- Chainfalls
- Lever Hoist
- Beam Trolleys
- Beam Clamps
- Air Tuggers / Winches
- Come-A-Longs
- Spreader Beams
- Wire Rope Lubrication and Spooling Equipment
- Water Load Bag Test Weights
- Dynamometers / Load Cells

WIRE ROPE

- Domestic
- Import
- Drill Lines
- Specialty Wire Ropes

SLINGS

- Wire Rope Slings (Single - Multi Leg Bridles)
- Chain Slings (Single - Multi Leg Bridles)
- Flat Synthetic Web Slings (Flat Eye, Twisted Eye)
- Synthetic Round Slings (Up to 90,000Lb vertical Load)
- Truck Bridles (Synthetic and Wire Rope)

BLOCKS

- Traveling Blocks
 - Drilling Blocks RJ Hook Style
 - Drilling Blocks RP Top Drive
 - Tubing Blocks
- Crane Blocks
- Derrick Blocks
- Snatch Blocks
- Guy Line Blocks
- Crown Sheaves
- Tong Blocks
- Lay Down Blocks

HARDWARE

- Bolt Type Shackles
- Screw Pin Shackles
- Wide Body Shackles
- Wedge Sockets
- Spelter Sockets
- Open / Closed Swage Sockets
- Swivels
- Turnbuckles
- Grab Hooks
- Sling Hooks
- Eye Hooks
- Swivel Hooks
- Hoist Hooks
- Pipe Hooks
- SHUR-LOC Hooks
- Forged Wire Rope Clips
- Wire Rope Grips
- Master Links
- Pear Shaped Links
- Forged Eye Bolts
- Ground Anchors

LOAD RESTRAINTS

- Load Binders (Lever & Ratchet)
- Truck Tie-down Assemblies
- Boomer Chains

CHAIN

- Grade 100 Alloy Steel Chain
- Grade 80 Alloy Steel Chain
- Grade 70 Transport Chain
- Grade 40 Hi-Test Steel Chain
- Grade 30 Proof Coil Chain

RIGGING SERVICES

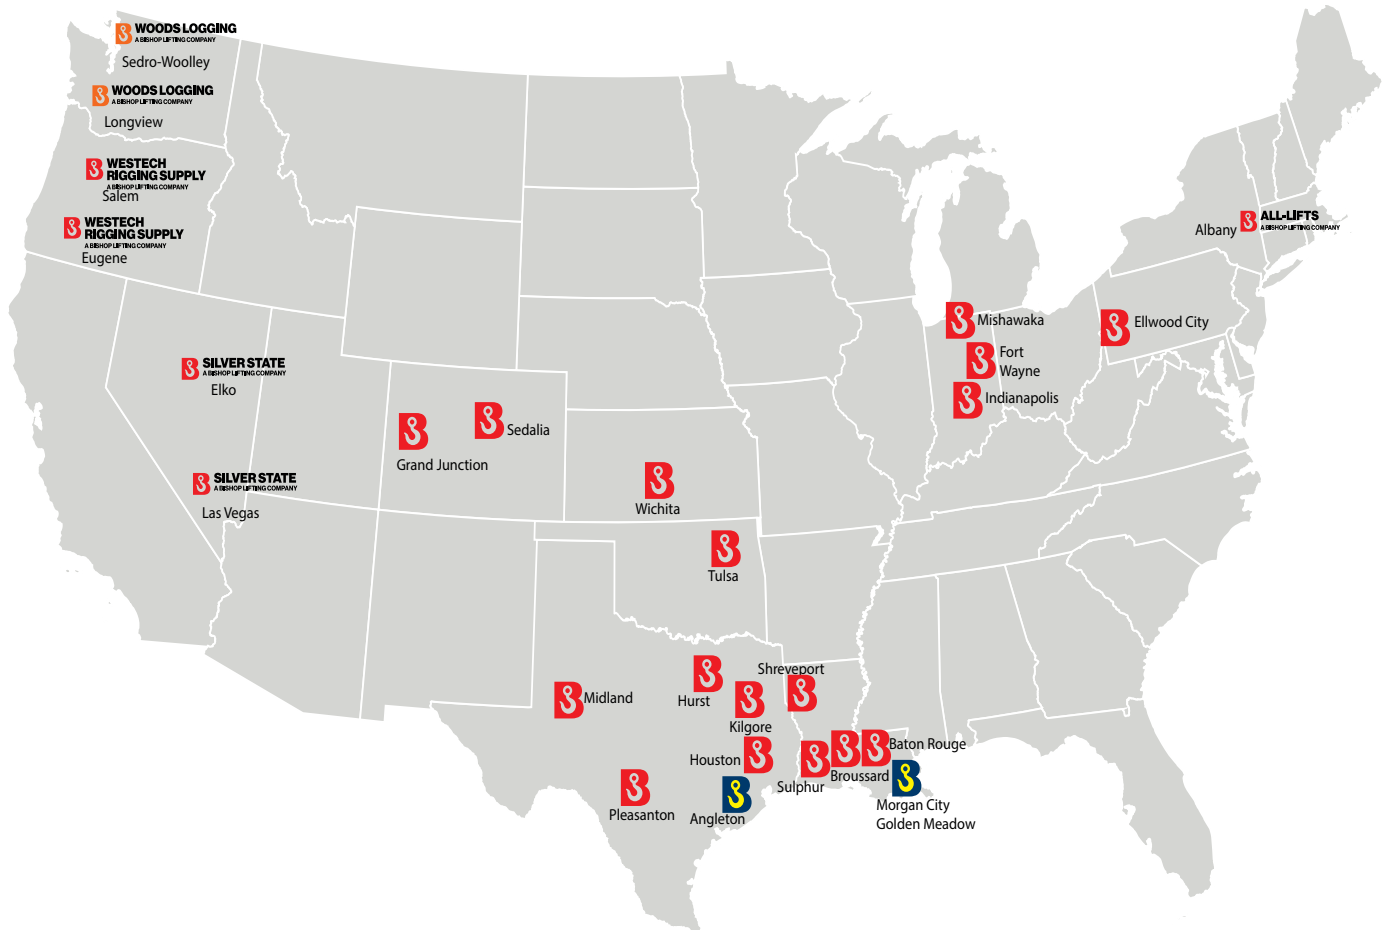

- Proof Testing - Up to 3,000,000 lb.
- On Site Rigging Inspection
- Custom Spreader Beams
- Repair & Recertify Lifting and Related Products
- RFID and Tracking
- Online Certification Documents 24/7

SAFETY

- Fall Protection Self Retracting Units
- Full Body Safety Harness
- Shock Absorbing Lanyards
- Multi Style Lanyard Hooks
- Self Retracting Life Lines
